KOLLER★CRAFT
consumer branded pet products

KOLLER★CRAFT

consumer branded pet products

Throughout its history, KollerCraft Pet Products has been highly regarded for superior quality, innovative products and reliable service. Providing a variety of pet products such as dog, cat, small animal, reptile and aquatic.

KollerCraft has also designed and manufactured products for OEM accounts and specialty distributors throughout the world.

Our manufacturing processes include injection molding, assembly and packaging. We use superior quality plastics exclusively, providing clarity and quality unsurpassed in the industry. Tooling is designed to precise standards by our in-house engineers and monitored throughout the mold building process to ensure unsurpassed quality and durability.

We have partnered with the top specialty distributors and dealers throughout the United States to supply high quality products to the hobbyist and end user.

Due to closely monitored in-house inventory levels, we are able to process and ship orders within 24 hours, enabling our distributors the ability to increase their inventory turns and minimize their out-of-stocks.

We continuously strive to give our valued customers the best customer service and timely order fulfillment. Our mission is to consistently offer quality and performance surpassed by none.

TM1137 Aqua Lifter AW-20 Dosing Pump

This unique one-of-a-kind dosing pump is designed to pump water up to 30" high and at a flow rate of 3-1/2 gallons per hour. Ideal as a dosing pump for reef additives, drip system for reptile terrariums and as a circulating pump for water falls and gravity fed siphons.

TM1140 Pre-Filter

Pre-filter for Aqua Lifter-Dosing Pump. Filters out particulate material in water before entering Aqua Lifter. Also ideal when adding reef additives such as kalkwasser and other supplements. Will accommodate other types of filter media such as activated carbon or filter floss.

TM1412 Aqua Lifter Holder

Holds Aqua Lifter securely to tank frame. Airline tubing held in place by snapping easily into holder.

For 40 to 150 Gallon Aquariums

rapids pro wet dry filter system

Rapids Pro Filters

TM1350 RP3
TM1351 RP3 PLUS

Rapids Pro Filter's distinctive design makes this state-of-the-art filter extremely efficient. Delivering complete biological filtration while greatly increasing beneficial gas exchange as water trickles over exposed Bio-Balls and highly porous Sintered Glass Cylinders, resulting in the rapid oxidation of ammonia and nitrite. Plus, the Rapid Pro Filter comes complete with a built in protein skimmer which superbly removes dissolved organic material.

Large Capacity Filter

Protein Skimmer

TM1352

Overflow Box

The patented Overflow Box with adjustable water flow gate provides surface skimming, removing aquarium surface contaminants. This uniquely designed overflow system allows minimum water to drain back into the sump in the event of electrical power loss thus preventing flooding. Then when the electrical power returns, automatically initiates water flow and starts the filter.

#TM1350 Rapids Pro Filter (RP3) Comes with:

- Large Capacity Filter
- Overflow Box (#1352)
- Bio-Balls
- All Hosing and Tubing
- Sintered Glass Bio Cylinders
- Protein Skimmer
- Pump with Venturi
- Carbon Cloth Pillow
- Poly-Fiber Filter Media
- Rapids Submersible Pump 700gph

#TM1351 Rapids Pro Filter PLUS (RP3-PLUS) Comes with:

- Everything listed with the RP3 (#TM1350)
- Auto Fill System (AFS-#TM1353)

TM1353

Auto Fill System (AFS)

This unique gravity fed water replacement system compensates for water evaporation, adding make-up water slowly back into the aquarium as needed. Holds up to 3.5 gallons of make-up water.

Consolidated Components In ONE Command Performance Filter System!

Rapids Pro Filter with UV Sterilizer

TM1424 RP40
TM1425 RP90

The Rapids Pro with UV Sterilizer supplies optimum and efficient filtration for both freshwater and saltwater aquariums, engineered to deliver unsurpassed 3-stage filtration (mechanical, chemical and biological). This unique filter provides superb water movement, consistently processing waste and impurities so the aquarium's water quality remains ideal, all-the-while keeping the aquarium water crystal clear and your tank inhabitants healthy. UV Sterilizer effectively removes green water and aids in eradicating harmful parasites.

#TM1424 RP40 INCLUDES:

- 13 Watt UV Sterilizer
- Overflow Box
- 360gph Pump
- All Hosing
- Filter Media
- Rated up to 40 gallon aquarium

#TM1425 RP90 INCLUDES:

- 18 Watt UV Sterilizer
- Overflow Box
- 460gph Pump
- All Hosing
- Filter Media
- Rated up to 90 gallon aquarium

TM1426 Rapids Pro Filter with 200 Watt Heater

The super-efficient Rapids Pro Filter with 200 Watt Heater provides the best in 3-stage filtration (mechanical, chemical and biological), aerating and cleaning the aquarium's water at a flow rate of 700gph. Aquarium water is drawn through the RP Filter, filtering out undesirable waste material while purifying the water with highly adsorbing activated carbon. Keeping the aquarium water crystal clear and the tank inhabitants healthy. Includes 200 watt submersible heater with adjustable temperature control.

Rapids Power Filter with Protein Skimmer

TM1420 Large
TM1422 Small

The Rapids Power Filter with Protein Skimmer is a total filtration system for saltwater aquariums, providing mechanical, chemical and biological filtration while combining a highly efficient protein skimmer. It is basically a protein skimmer and aerating power filter in one compact, efficient unit. Effectively purifying the aquarium water while extracting unwanted fish waste and uneaten fish food. Optimally increasing beneficial gas exchange as the water is returned to the aquarium. The Rapids Power Filter is easy to operate and hangs on the back of the aquarium. Made of high impact plastic for years of dependable use.

Large filter (TM1420) is rated up to 55 gallon aquarium.

Small filter (TM1422) is rated up to 29 gallon aquarium.

Rapids Power Filter

The Rapids Power Filter, for either fresh or salt water aquariums, effectively purifies the aquarium's water while

TM1421 Large
TM1423 Small

extracting unwanted fish waste and particles. These filters increase beneficial gas exchange as the water is returned to the aquarium. The Rapids Power Filter is easy to operate and hangs on the back of the aquarium. Made of high impact plastic for years of dependable service. Large filter (TM1421) - rated up to 55 gallon aquarium. Small filter (TM1423) - rated up to 29 gallon aquarium.

TM1300 Rapids Mini Canister Filter

IDEAL FILTER FOR NANO TANKS

The Rapids Mini Canister is a compact and efficient filter, providing 3-stage filtration; mechanical, chemical and biological. This filter has a self-priming, top mounted sealed motor which delivers an optimum flow rate of 80 gallons per hour. For aquariums up to 20 gallons, this canister is lightweight enough to hang directly on the aquarium.

TM1301 Replacement Filters

Floss/Carbon Filters for the Rapids Mini Canister #TM1300.

Ceramic Cylinders

Super Porous, Biological Filter Media for

- Wet/Dry Filters & Canisters
- For freshwater and saltwater

Specially designed media for biological filtration, these ceramic cylinders have a complex pore system, which affords optimum sites for favorable bacteria colonization.

TM1209 24 oz.
TM1210 8.5 oz.

TM1250 Mini Internal Filter

This submersible mini power filter combines silent, powerful filtration with user-friendly operation. Features adjustable flow control, compact design with suction cups mounts for easy aquarium attachment. Simple-to-change filter cartridge provides mechanical, chemical and biological filtration. Ideal for NANO tanks and other desktop aquariums up to 10 gallons. Adjustable flow rate from 10 gallons to 45 gallons per hour. Spray bar and directional flow diffuser included.

TM1251 Cartridge Replacement

FOR THE MINI INTERNAL FILTER #TM1250.

Highly porous foam block provides both mechanical filtration, (effectively removing aquarium waste) and biological filtration. The high grade activated carbon constantly purifies the aquarium water while removing water discoloration and odors.

AQ0080 Mini Might Internal Filter

This compact internal filter is designed to fit all shapes and sizes of small aquariums. Mini Might provides optimum mechanical, biological and chemical filtration with easy to replace filter cartridge. The flow rate is adjustable from 15 to 45 gallons per hour and uses just 4 watts. The perfect filter to keep your tank inhabitants healthy and happy.

TM1296 Flow Meter

TM1269 Flow Meter

TM1138 Surface Skimmer

Continuous siphon overflow efficiently skims dissolved organics and other waste material from the water's surface of your aquarium. The 360-degree intake float is positioned consistently at the surface and the flow control valve enables you to increase or decrease flow rate to your filter. Firmly secures to the aquarium wall with two suction cups. Flexible hose and attachments included enabling easy installation. Attaches easily to Wet/Dry or Canister filter, greatly increasing filter efficiency.

Flow Meters
 It is important to know the flow rate when using an UV Sterilizer, Wet Dry Filter and/or Canister Filter. A reduction of water flow is a strong indicator the filter media is becoming clogged and there is a need for filter maintenance.

Gravel Vacuum

- TM1414 Small
- TM1415 Medium
- TM1416 Large

Easy-to-start siphon with adjustable flow control, removes fish waste and other debris while gently churning the aquarium gravel. Ideal for tall tanks, column tanks and hexagon tanks.

Fish Nets

- AQ5412 Mini
- AQ5424 Small
- AQ8624 Medium
- AQ10724 Large

Strong, durable fish nets at superb pricing. Zigzag stitching enables durable netting and long lasting usage. Ideal for freshwater or saltwater applications. Poly-bagged for pegboard application. Available in 4 sizes.

TM1096 Mr. Cleaner

This battery-operated siphon is perfect for siphoning NANO tanks and other aquariums when you need to remove fish waste and other detritus without removing valuable aquarium water. Easy flow rate allows for spot cleaning and getting to difficult to reach areas.

TM1208 Temp Alert

Temp Alert Digital Thermometer displays both aquarium water temperature and room temperature, and comes with four alert features. Provides reliable protection to monitor high and low temperatures. Audible and LED alarm.

TM1010 Aquatic Gardener

Interchangeable attachments make aquatic maintenance easy and enjoyable. Grip the ergonomic grip lever to manipulate attachment tongs or trimming scissors. Tongs attachment can be used to plant aquarium plants or to pick up small objects - even in tight places. The scissor attachment is ideal for trimming plants and catching cut-off pieces for easy removal. Tools are lightweight and buoyant. Freshwater or saltwater usage.

Dip & Pour

- TM1294 Regular
- TM1295 Large

Multi-purpose for holding or transferring fish. Easily hangs onto the side of your aquarium, providing an isolation tank for sick or unfriendly fish. Also ideal for holding plastic bags while catching and transporting your fish. Features pouring spout.

Multi-Tool Algae Scraper FOR GLASS AQUARIUMS ONLY.

Durable, easy to use algae scraper with strong handle plus ergonomic grip for comfortable use. These multi-tool scrapers are available in three sizes; 14", 22" and extra long 34". With three interchangeable attachments, this tool takes care of all your tank maintenance needs.

- TM1238 14"
- TM1239 22"
- TM1240 34"

TM1290 Easy Algae Scraper

FOR GLASS OR ACRYLIC AQUARIUMS.

The hand held Easy Scraper is optimum for those difficult to reach areas. Comes with two attachments, stainless steel blade & plastic acrylic blade.

TM1241 Attachment with stainless steel blade.

TM1242 Attachment with extra coarse algae pad.

TM1427 Attachment with plastic acrylic blade.

TM1292 Quik Algae Scraper

FOR GLASS OR ACRYLIC AQUARIUMS.

Quik Scraper works perfectly on tough algae and unlike razor blades won't rust. Ideal on coralline algae. More economical than other types of algae scrapers.

TM1086

Betta Security House

Accommodates up to 4 Bettas

Comes with:

- Lid to keep fish securely in their individual compartment.
- Silicon suction cups that result in stronger tank adhesion.
- Ample slots for ideal water circulation.
- Removable smoky dividers, which reduces Betta's ability to see each other.

Ideal for dividing pregnant or aggressive fish.

Suitable for freshwater or Saltwater application.

TM1265

Baby Nursery

For live bearers & quarantine. Multi-purpose nursery safely separates newborn fry from mother and other fish. Water is filtered from the aquarium through the air-stone driven filter and circulated throughout the nursery. The built-in filter can be easily transferred from one side of the nursery to the other.

- Use as a maturation tank for fry, or isolation tank for aggressive or injured fish.
- "V" partitions afford maximum protection
- Side vents allow for optimum water flow through the air-stone driven filter.
- Removable center divider allows for two pregnant fish to be safely isolated.

TM1198

Hatch 'N Feeder

This one-of-a kind brine shrimp hatchery is designed to hatch brine shrimp eggs and then dispense the baby brine shrimp (nauplii) directly into the aquarium. Providing highly nutritious live food to your fish. Easy to set up and easy to use, your fish will benefit greatly. Hatchery works in both freshwater and saltwater aquariums.

Oxygen Stones

Oxygenates your aquarium when loss of electrical power occurs, or when transporting your fish. This small cylinder generates oxygen when immersed in water, enabling you to keep fish alive without the use of an air pump.

Works by chemical reaction, oxygenating the water for 1 month. Not effervescent where bubbles are seen but by a chemical reaction where two substances react together and create oxygen. Not reusable after opened. Suitable for both freshwater and marine. Active ingredients: Calcium Hydroxide and Calcium Peroxide. Recommended usage - 1 cylinder per 10 gallon with normal bio-load.

AQ1224

Compact Fluorescent Strip

EXPANDABLE LIGHT STRIP WITH LED LAMPS

Brilliant, bright white, next generation LED strip with functional high output. Ideal for aquarium, small animal or reptile application. Easily expands from 18" to 24". Fixture comes with 92 LED lamps, at a mere 1/4 watt per lamp for the ultimate in energy savings. Lasts up to 50,000 hours.

Dual Reef Fluorescent 50/50 Lamps

These compact fluorescent lamps provide 7400K daylight (bright light on a sunny, tropical day), on one half and the other half 14,000K true actinic (blue light for photosynthetic corals). Two sizes; 13W replacement lamp fits light fixture on Deco Kit 2 (#1266) and 18W replacement lamp fits light fixture on Deco 3 (#1267)

TM1276 13W
TM1291 18W

Perch Light

Compact fluorescent lighting provides additional illumination

for your tanks. Easy mounting bracket allows for quick installation, and reflector can be adjusted both horizontally or vertically. Perfect for Nano tanks. Fits any 1/8" acrylic wall aquariums.

TM1257 7W
TM1258 9W
TM1259 13W

AQ1212

Aquarius 12 LED

4-color LED bulbs, 3 each in colors white, red, green and blue with universal clamp-on mounting bracket and low voltage transformer.

AquaHood

Top off standard glass aquariums with these attractive, polished black

hoods. Hoods come with daylight LED fluorescent lamps to provide optimum lighting to brighten up your tank.

Mangrove Swamp Habitats

Unique homes for turtles, newts, crabs, crayfish, hermit crabs and fish in two sizes; original Mangrove Swamp and the Jumbo Mangrove Swamp. Both are designed to utilize the Repti-Clean Filter (#TM shaped 1070) for easy care. Features include:

- Durable, strong plastic in a kidney-shape
- Access ramp to elevated island
- Mangrove tree
- Palm tree

TM1215 Mangrove Swamp

TM1227 Jumbo Mangrove Swamp

TM1070 Repti-Clean Filter

Internal filter for low-water applications. Simple, compact filtration works in as little as 2" of water. Will keep your pet's water clean and healthy. Fits Mangrove Swamp Habitat series.

TM1111 Cartridge Replacement

Replacement cartridge for Repti-Clean Filter #TM1070. Activated carbon absorbs odors and discolorations while the zeolite removes harmful ammonia.

TM1229 Compact Fluorescent Light

9 Watt with adjustable stand & base, allows for stand alone or tank mountable application. 6400K daylight lamp simulates bright light on a sunny, tropical day.

TM1233 Thermo/Hygro Meter

- For reptiles with high humidity needs
- Measures temperature & humidity
- Max/min memory
- Variety of mounting options

Products shown do not include gravel, plants and decorative ornaments unless otherwise noted.
