

# HAWKEYE INTERNATIONAL

## ASSEMBLY INSTRUCTIONS FOR THE AQUAFALL AQUARIUM SAVE THESE INSTRUCTIONS

TO GET STARTED - note: the numbers in the circles follow the steps listed here and point to the item involved.

- 1) Remove aquarium from packaging.
- 2) Rinse all parts with warm water - no soap.
- 3) Add rocks and decorations to the tank.
- 4) Connect the clear tube to the bottom stem of tier 2.
- 5) Thread the clear tube through the hole in the center of tier 1 back.
- 6) Connect the other end of the tube to the water pump.
- 7) Slip the metal lamp holder clip onto the lamp then squeeze it together and place it into the round hole on the underneath side of tier one back. Note the direction the lamp is facing as shown in the illustration. Lamp is submersable.
- 8) Press the lamp cord through the cord grip clips on the bottom side of tier one back.
- 9) Lower tier one back onto the back side of the tank.
- 10) Adjust the cord so it comes through the slot in the center of the back side with the Y inside the tank.
- 11) Press the water pump into the back side of the tank until the suction cups stick. You may need to moisten them first.
- 12) To prevent water from running into the receptacle form a "drip loop" in the cord. See illustration.
- 13) See "Aquarium Setup Tips" section for more information on how to successfully maintain an aquarium.
- 14) See IMPORTANT SAFETY INSTRUCTIONS section before operating this unit.
- 15) Place the filter cartridge into tier 2's top pocket in between the two ribs. Follow the instructions on the package.
- 16) Place the cover on top of tier 2.
- 17) Place tier one front on the tank.
- 18) Add rocks and decorations to all tiers.
- 19) Add water to the fill line and allow to circulate for at least 48 hours before adding fish.
- 20) Follow instructions on de-chlorinator to treat water.

**21) IN PLACING DECORATIONS ON LOWER TIERS TAKE SPLASHING INTO ACCOUNT. PLACEMENT OF DECORATIONS CAN CAUSE EXCESSIVE SPLASHING. NEVER PLACE AQUAFALL ON OR NEAR ANYTHING THAT MOISTURE OR HARD WATER DEPOSITS CAN DAMAGE. PLUG IN WALL ADAPTER IS FOR DRY LOCATION ONLY AWAY FROM AQUAFALL. FORM A DRIP LOOP. SEE ILLUSTRATION.**

**WARNING: DO NOT TOUCH BULB WHILE IT IS ON. IT BECOMES VERY HOT.**

### LAMP

**Warning: Do not touch while on, it becomes very hot and can cause severe burns.**
