## ASSEMBLY INSTRUCTIONS FOR THE LAVARIUM

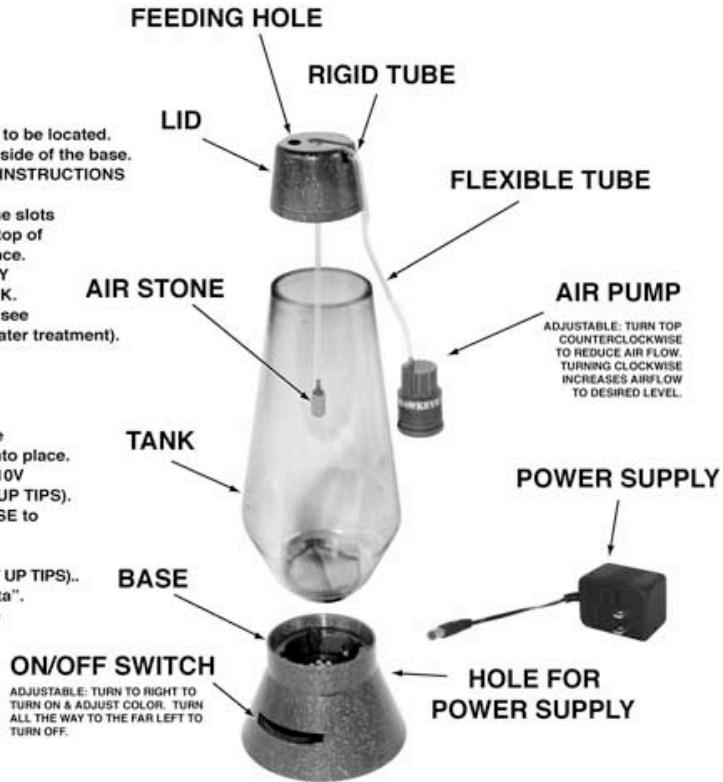

(SAVE THESE INSTRUCTIONS)

### GETTING STARTED

See IMPORTANT SAFETY INSTRUCTIONS & SETUP TIPS section before operating this far out unit.

- 1). Remove all aquarium parts from packaging.
- 2). Place the BASE on a firm surface where the aquarium is to be located.
- 3). Plug the POWER SUPPLY jack into the hole on the back side of the base.
- 4). Rinse the tank with warm water - no soap. (see SAFETY INSTRUCTIONS AND SET UP TIPS).
- 5). Align the locking tabs on the bottom of the TANK with the slots on the top of the BASE. Insert and secure the TANK on top of BASE by turning TANK counterclockwise to lock into place.
- 6). Rinse DECORATIVE BEADS with cool water (see SAFETY INSTRUCTIONS AND SET UP TIPS), then place into TANK.
- 7). Add water - no higher than one inch from top of TANK (see SAFETY INSTRUCTIONS AND SET UP TIPS for proper water treatment).
- 8). Place the RIGID TUBE through the LID.
- 9). Slide AIR STONE onto end of RIGID TUBE.
- 10). Slide other end of RIGID TUBE into FLEXIBLE TUBE.
- 11). Slide FLEXIBLE TUBE end onto AIR PUMP nipple.
- 12). Lower the LID/AIR SUPPLY into the TANK, make sure the RIGID TUBE is in the slot on top of the LID. LID snaps into place.
- 13). Plug the light unit power supply and the air pump into 110V electrical outlet (see SAFETY INSTRUCTIONS AND SET UP TIPS).
- 14). Rotate the ON/OFF SWITCH wheel in the front of the BASE to turn ON/OFF and to select different colored lights.  
Now isn't that "GROOVY"?
- 15). Add Fish; Important (see SAFETY INSTRUCTIONS AND SET UP TIPS).  
"The Lavarium is best suited for a small gold fish or Betta".  
"Because of the water capacity of the Lavarium, a single fish is recommended".
